# INSTITUTION PROFILE

## Short overview of **INFONET COLLEGE**

Infonet College is one of The most successful private higher Educational Institutions in Ethiopia. Established with the motto of excellence and service in providing quality education, the college has earned a distinctive name for itself especially in information Technology.

The core competence lie in a cross- functional, hardworking, ambitious and experienced team of professionals in the fields of Computer Science, Business and Social science that can offer trainings on diverse areas in addition to the regular academic programs.

Infonet College aims to churn out professionally groomed manpower who can competently plan, organize, operate, maintain and manage modern Information and Communication Technology (ICT ) and ICT based services Keeping in view their importance in the new business scenario and development process of the country.

Infonet College was deliberately planned and established in 1999 as a sibling of Infonet Computer Engineering Center to extend quality education in Information and Communication Technology. Since its inception, InfonetCollege has been successful in making an impeccable dent in the academic landscape of the country as a leader in bringing education in the area of ICT. The college is committed to extend such education to remotest area of the country in times ahead. InfonetCollege shares the dream of poverty reduction and socio – economic development and believes that development in business communication industry, research, or in any sector can only be achieved with an active involvement of well-educated and qualified professionals.

# OUR VISION

Infonet College in its vision aims to carve out a niche for itself in the area of ICT and ICT enabled education and training by creating new frontiers of knowledge and developing ethical dependable entrepreneurial and socially sensitive leader managers committed to excellence.

## IN BRIEF

- To emerge as a center of excellence higher education in Information and Communication Technology and Management.
- To generate a battery of trained skilled and efficient manpower in the area of ICT for the country.
- To come out as a center for advance research and innovation in the field of ICT.
- To evolve as a center of merit in the integration and decimation of ICT services through education and training.

# OUR MISSION

Infonet's mission is to be a unique, socially conscious and integrated school of Information Technology, contributing towards management development, both in urban and rural Ethiopia. Considering higher education, as the most needed infrastructure for the development of human capital within the country. Infonet College subscribes to the following convictions to fulfill its mission:

- The country needs collaborative partnership between and among institutions of Higher learning business community, and the government machinery.
- Higher education should cater to the information needs of business and government with research and extension activities.
- Higher education can build, advance and promote human capital and capacity of the society.
- Universities and colleges are significantly important to trade and investment economic development and the welfare of mankind.
- Universities and Colleges need to share common platform to contribute to the national interest.

# OBJECTIVES

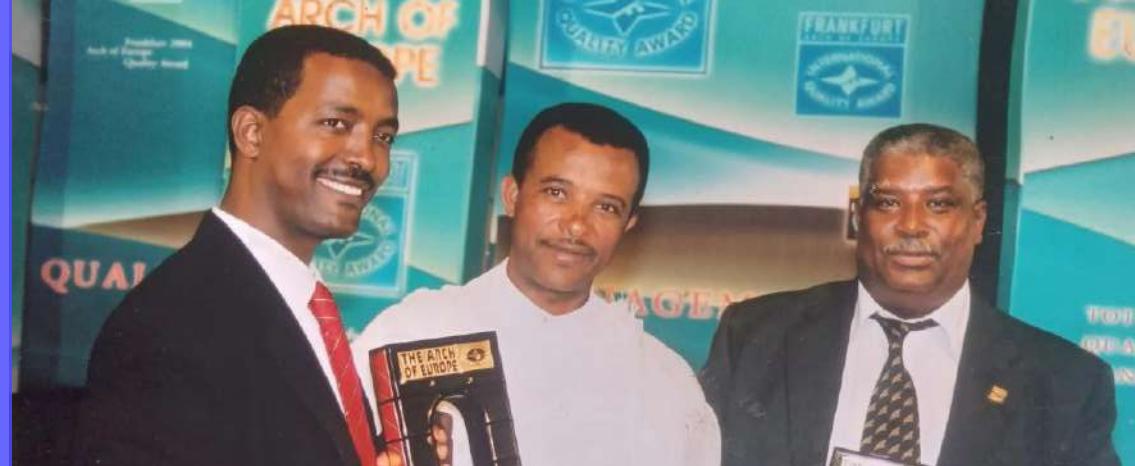

The main objective of the college is to evolve, extend and nurture know how in the area of information and communication Technology. Quality oriented academic programs and trainings are considered as the broader means to attain this end. InfonetCollege intends to lay a solid foundation for the expansion and promotion of the ICT sector in order to leverage and spur the development of the Ethiopian economy by:

- Generating and grooming IT professionals to alleviate the acute shortage of skilled manpower in the country.
- Equipping students with knowledge and practical skills and to enable them to work successfully in today's competitive business environment
- Upgrading the knowledge and skills of working or employed people and raise their understanding and efficiency through specialized training programs
- Providing modern Education, Information and Communication Technology ,Business ,Management, Commerce and Economics to the targeted groups of the society
- Providing ample learning opportunities to those who couldn't join government Colleges & Universities, and Facilitating scholarship opportunities to those students who can't pay school fees.

# WHO WE ARE

A College backed by over  
**25 YEARS TEACHING**  
experience and where Quality and  
Excellence in action.

Infonet College came into existence as private limited company in 1994, with a paid-up capital of Birr 6,000,000 and started operation in October of that year to narrow the demand gap and satisfy the trained personnel need of the country. At the very beginning of its inception the college commenced providing Diploma programs in six departments and has got full accreditation from the region as well as from ministry of education.

inceits establishment our college has offered short term on job trainings for more than 50,000 trainees from Government and Non-government organizations and graduated more than 30,000 students in Diploma and Degree programs during its decades teaching career.

Currently the experience gained over the years pushed the College to go higher and further to launch post graduate programs in different fields. Currently, Our College offers short term career trainings.

A short term career training programs might be just the ticket for your staff to gain access to a rewarding career field.

We are reputed and reliable provider you will get, to try out your knowledge on real life projects as well. The College is one of the most prominent private institutions in Ethiopia established with the motto **“Quality and Excellence is our sign”**. It also offers long and short term trainings, consultancy service and has successfully trained over 30,000 trainees.

The college has earned a distinctive name for itself especially in Information Technology. The core competence lies in a cross-functional, hard-working, ambitious and experienced team of professionals in the fields of computer science, social science that can offer trainings on diverse areas in addition to the regular academic programs.

The college was deliberately planned to extend quality education in information and communication technology and committed to extend to remote areas of the country. The collage is doing its level best on poverty reduction and socio-economic development and believes that development in business communication industry, research, construction, Agriculture and manufacturing sector can only be achieved with an active involvement of well-educated and qualified professionals.

# OUR RESOURCES

Certificate of Collaboration	7	17%
<b>Total</b>	<b>42</b>	<b>100%</b>

## OUR TEAM

Infonet College has qualified experts with best experiences and expertise in teaching -learning process.

# PROJECT PROFILE

## General **INFORMATION**

### **Brief summary of the Objectives and justification for Business cooperation:**

Development depends on quality of a country's human capital, the difference among nations at large and among organization is due to differences in their human labor.

Difference among the human labor is a result of the education and training to be offered at a various levels. It is a well-known fact that education stands first among critical factors for enhanced development. Quality of the human resources can be possessed through good quality of education-a process of instilling knowledge.

The above fact will call our attention to view our country's situation in the area of education.

The education system and organization in Ethiopia had been so poor that only small proportions of the population received proper and quality education. The standard and quality of education in general is very low that there is a need for continuous improvement to enhance development. Therefore, this Business cooperation is expected to play its part in the development process of the country, in response to government encouragement for the involvement of the private sector in education.

## **Anticipated future market potential**

### **■ Enrollment**

Ethiopian Higher Education has been expanding especially in enrollment. The gross enrollment rate of the eligible age cohort which displayed limited growth of 0.6% on average between 1970 and 2000 has risen to more than 8% since the turn of 21st century and currently, close 800,000undergraduate students are enrolled in Ethiopian universities in regular, evening, summer and distance programs. More than 80% of undergraduate students are currently enrolled in state - run universities, while private Higher Education account for 15% of the student intake for the 2017 – 2018 academic year (MoE 2019)

## ■ University entrance exam

According to the Ministry of Education(MoE) more than 380,000 students took the national university entrance exam to pursue higher education in the upcoming academic year 2020/21 (2013 Eth.C). In Addis Ababa alone 23,660 have taken the exam. The Ministry of Science and Higher Education (MoSHE) announced that 147,640 students will be expected to join 47 government universities.

A total of 617,991 students have registered to sit on SSLE national exam. However, 545,381 students have appeared in final examination. Last year more than one million students took the exam across the country of which 47.7 percent are girls.(MoE 2021)

## Projection of demand and supply

In order to facilitate the Business cooperation process a demand and supply analysis was made taking statistical data from Central Statistical Authority and Ministry of Education (MoE), forecasting the growth rate of the population of Addis Ababa and targeting on the potential College students. The following demand and supply gap was observed.

## Forecasted demand of targeted College students in country as a whole

Year	Potential College Students	Target demand for private colleges
1	400,000	220,000
2	450,000	280,000
3	465,000	300,000
4	500,000	380,000
5	600,000	400,000

## Forecasted demand of targeted College students in country as a whole

Year	Target demand for private colleges (A)	Intake capacity Supply (B)	Demand gap (A - B = C)
1	220,000	120,000	100,000
1	280,000	150,000	130,000
1	300,000	160,000	140,000
1	380,000	180,000	200,000
1	400,000	190,000	210,000

# REVENUE AND PRELIMINARY FEASIBILITY

## Revenue plan

The main source of the project's revenue is Tuition fee, Registration fee, Research paper fee and Graduation fee to be collected from the students. Given the intake schedule and tuition fee is determined in the market analysis; the revenue schedule of the project is shown below

S/No	Description			Amount Birr
1	<b>Postgraduates</b>	1.1 Evening/ Weekend	1.2 Online	<b>9,000</b>
2	<b>Undergraduates</b>	2.1 Regular	2.2 Evening	<b>41,040</b>
3	<b>TVET</b>	3.1 Regular	2.2 Evening	<b>15,000</b>
			<b>Tuition fee Total</b>	<b>65,040</b>
			<b>Registration fee</b>	<b>5,820</b>
			<b>Others</b>	<b>1,200</b>
			<b>Grand total</b>	<b>72,060</b>

## Ability of the project to cover its costs

■ Total annual Income	72,060
■ Total annual cost	28,824
■ Net annual income	43,236

## Number of years of net income required to cover the external investment

$$\frac{\text{Total Investment}}{\text{Net annual Income}} = \frac{363,000}{72,060} = 5 \text{ years}$$

## Net annual income after allowing for investment cost

■ Annual investment cost	42,600
■ Net annual income after investment cost	
72,060 - 42,600 =	<b>29,460</b>

(Net annual income less Annual investment)

# PRELIMINARY FEASIBILITY

# INVESTMENT COSTS AND USE OF FUNDS

These include all fixed asset costs that are required in implementing the project. The project is shown below

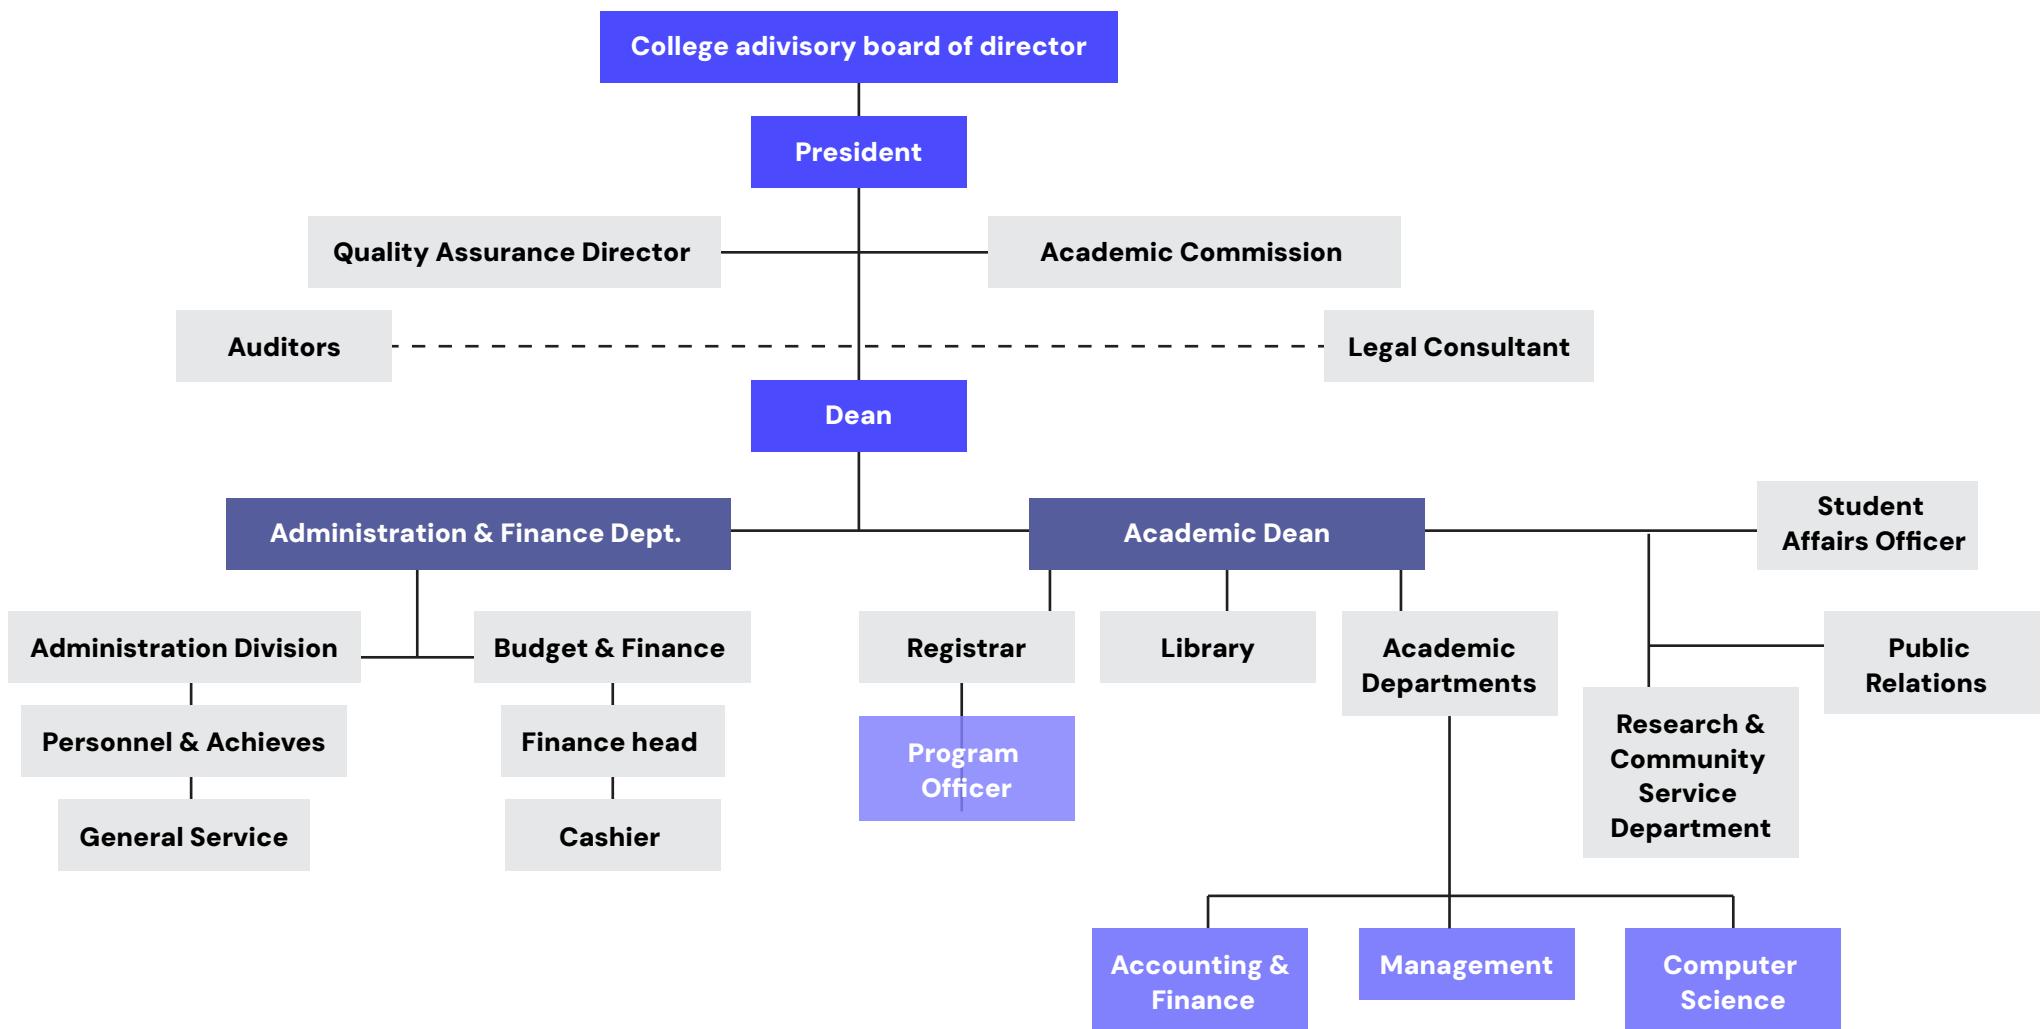

Cost center	Year 2015 Eth.C Amount Birr
Building cost	300,000
Rent (Other physical resources)	5,000
Equipment and Furniture	3,500
Vehicles 2@2,000	4,000
Installation cost	5,000
Reference books (New edition)	3,500
Working capital	10,000
Sub total	330,000
10% contingency	33,000
<b>Total</b>	<b>363,000</b>

# APPENDICES

## Staff Members

Re: Contract No. SET100-04-C-0696

Dear Ato Solomon:

Contract SET100-04-C-0696 between Infonet College and the American Embassy, Addis Ababa has been completed. Enclosed with this letter is a copy of the Contractor Performance Evaluation (DS-1771) completed by the Contracting Officer's Representative (COR). If you wish to discuss the evaluation with the Contracting Officer, please make an appointment within the next 30 days.

While the ultimate content of the evaluation will be the decision of the Contracting Officer, you may submit rebutting statements or additional information. Copies of any statement shall be appended to the evaluation and included in the contract file. The contract file will retain this evaluation for six years. At that time, the evaluation will be destroyed.

If you have any questions, you may contact me on 174-304.

Sincerely  
  
Don E. Eklund  
Contracting Officer
